WATER & WASTEWATER INFRASTRUCTURE PROJECTS TO BEGIN IN SPRING 2025

The Calhoun Board of Aldermen recently held bid openings for water and wastewater projects planned for the City of Calhoun. Funding for both projects come mainly from the grants received from the State American Rescue Plan Act (ARPA). The water project entails replacing all active water meters with new radio read meters, and new equipment in each water pit (setter, keg, etc.). In addition to new water meters, some fire hydrants will be replaced. For the wastewater project, manholes will be relined and raised to grade along with relining and/or replacing sewer mains. Dittmer Ditching, LLC from Calhoun, MO was awarded the water project and KIM Construction Company, Inc. from Steger, IL was awarded the sewer project. Both projects will begin construction in the spring of 2025.

CHRISTMAS CAROLING TO BE DETERMINED: The Broke & Busted Saddle Club will determine in the near future as to whether they will be caroling Calhoun residents this year. If they decide to do so, watch for flyers at Bullseye and other area businesses outlining the details.

JOKE OF THE MONTH

An Irishman walks into a bar. He orders two shots, drinks them both, and then leaves.

The next day, the Irishman returns, orders another two shots, drinks them both, and then leaves.

He continues to do this for some time, when one day the bartender questions him, “How come you always order exactly two shots?”

The Irishman replies, “Well, you see my brother and I used to go out drinking every night, but he lives across the country now, so every night, I order two drinks, one for myself and one for my brother.”

Things remain the same for a while until one day the Irishman comes in and orders only one shot. The bartender becomes concerned and asks him, “How come you’re only ordering one shot? Is your brother okay? Did something happen to him?”

The Irishman replies, “Of course not, my brother’s fine. I just quit drinking.”
